

2024 // BEN JOHNS / PERSEUS 3s

PROPULSION CORE

The patent-pending propulsion core allows for explosive power on drives, counters and speed ups, but with refined feel and control on resets, drops and dinks.

NFC CHIP ACCESSIBLE

Elevate your game with the new JOOLA NFC chip-enabled pickleball paddles! Tap your phone to the handle to authenticate your paddle. Unlock an exclusive product experience through JOOLA CONNECT.

CHARGED CARBON SURFACE

An additive bonding treatment that strengthens the surface of the paddle to provide a crisper feel with greater energy return.

SWEET SPOT

Specially engineered paddle shape offers a larger sweet spot due to its balanced shape which provides a solid hitting feel and an optimal balance of power and control.
